Re: Appendix J Revisions and Edits
Product Approval Code of Practice – December 2010 Edition

The American Chemistry Council's (ACC) Product Approval Protocol Task Group (PAPTG) reached consensus to revise Appendix D (Code Bulletin C-43) in an effort to provide further clarity regarding stand selection. Appendix J has references to Appendix D, which have been revised to be consistent with Appendix D edits. Existing text and proposed edits to Appendix J are provided below.

Existing Text on Page J-16, Appendix J Test Laboratory Audit Guide For Compliance

Practice #2. Test Stand Assignment

The stand was assigned per [Appendix D](#). We assume that the stand selection algorithm has assigned the test to the proper stand.

- Verify use of test stand selection algorithm.
- Verify algorithm consistent with Engine Test Stand Selection Flowchart ([Appendix D6](#)).
