Hi Jason!

Hope all is well. Just wanted to check in on how the formaldehyde MOA rewrite is coming along. I'd like to touch base regarding your time table, scope, and also how your effort maps to the NRC guidance. I'll be in NC at the OpenTox meeting tomorrow <http://www.opentox.org/> and working AWL on Wednesday. If we can talk briefly on Wed that would be great. I'll suggest a time to call you but feel free to counter.

We'd like you to discuss/present your current draft at this week's WG meeting on Thursday. We've invited the CMs to join the discussion.

Thank you!
Kate
