

Petroleum Additives Product Approval Code of Practice

ALERT BULLETIN

To: Practitioners of the ACC Product Approval Code of Practice

Date: February 28, 2007

Re: ACC Code of Practice Engine Test Registration Fees

The American Chemistry Council (ACC) Petroleum Additives Panel approved a decrease in the engine test registration fees from \$200 (two hundred dollars) to \$125 (one hundred and twenty five dollars) per registered test. This decrease will become effective on April 1, 2007 at 12:01 a.m. Eastern.

The ACC Product Approval Protocol Task Group (PAPPTG) continually reviews the ACC engine test registration fees to ensure that they are appropriate, and adjusts them as required to maintain a self-sustaining system.
